“You will never go wrong in choosing the Natalie and Curt Team. Natalie’s service was above and beyond what we expected as we navigated our way through our interstate move which could have been so stressful if it wasn’t for her hard work in finding us a home virtually that turned out to be perfect for us. Curt was also there to help us and his friendly manner compliments Natalie. If we ever need to move again, we know there would be no other team we would choose.” - Sharon G.

Resources Available to Residents on the HOA Website

Did you know there are many resources at the tip of your fingers on your HOA’s website. Below is a list of many items that residents may have questions about, or need assistance with, that are available at your convenience on the community website.

Log onto the HOA website (www.heritagehunt.net) to view the following resources available to you.

Your Board of Directors and Committees

Under the “Board & Committees” tab on the HOA website, you can find information regarding the Association’s Board of Directors and its Committees, meeting schedules and agendas, meeting minutes, and contact information.

Governing Documents (which includes your Association’s adopted Policies)

To see the complete list of governing documents, that Heritage Hunt is governed by, click on the “HOA” tab, then click on the “Documents” sub-tab. The Association’s Legal Documents including the Declaration, By-Laws, Policy and Administrative Resolutions, and more can be found here.

Cable and Internet Services

The Association has negotiated a bulk rate contract with Comcast that provides residents with reduced pricing for their basic Comcast package. Comcast Bulk Account phone number is: (855) 638-2855. You can also find more information on the website under the “Utilities” tab.

Trash and Recycling Services (to include trash, recycling, yard waste and bulk-item pick up)

For residential questions or concerns regarding trash and recycling, bulk item pick-up, and yard waste or replacement of trash bins, click on the “Utilities” tab, then select the “American Disposal Services” sub-tab.

And of course, there is so much more on the website including information about the Golf and Dining amenities, upcoming community events, and even important updates of activities outside the gates. If you are having any trouble logging in, please contact us at 703-743-2000, ext #4.

JULY BOARD BRIEFS

We are having a heat wave and remembering back to last December this seems a lot better than the minus temps we had. We certainly are getting back to normal in the Clubhouse. The Decorator Crystal Langstaff and her crews worked very hard and very well to create our new look. There are still items to be finished and there will be new furniture coming shortly but all our upper level areas are back in use and the Red Oak Bar Grill (ROBG) is back in full operation. We compliment UTP and their staff for keeping some food service going throughout the renovation. In addition, we thank all our residents who patiently went along with the closures, room shifts and maneuvering through the Clubhouse.

We also thank everyone for their supreme patience with the PWCSA force main line work on Heritage Hunt Drive. PWCSA is really on schedule or a bit ahead and to date they have organized this entire construction project very well. The flagmen and signage have been very effective and a positive side effect is that we have less speeding duly noted by our speed boards.

While we are enjoying summer activities here at HH, we have to look ahead to our annual meeting in December and the Board/Committee elections. As you read through the Horn, look over the articles that the Board and the Committees have done detailing out what they do and asking, of course, for volunteers. Please check this information out and attend some meetings. Do get to know your community and how you can help. On August 30 from 10 am - noon, we will hold a Meet the Board/Meet the Committees session. This is a great opportunity for residents to talk with current members and ask specific questions.

The Board meetings in July are Monday, July 17 at 9:30 in the Mt. View Room and Thursday, July 27 at 1 pm, also in the Mt. View Room. Board meetings are televised on Channels 971 and 972. However, the best way to see how the HOA works is in person. We are a large community with a lot of moving pieces. We are very fortunate to have CAMP and UTP to assist us, but Heritage Hunt runs as well as it does because of our volunteers. Come join us, it’s always an adventure.

The following resolutions were approved at the May 25 Board meeting. Due to Horn deadlines they are reported here a month late. For a quicker update, please check the Board of Directors page on the website to read the complete meeting minutes that are posted there within 2 weeks of the meeting.

- Approved Jonas as the new POS provider and Members 1st as the new website provider
- Approved the purchase for a new server.
- Approved additional funding for Clubhouse design services.
- Approved replacement of the Golf Maintenance and Sand/Shed roofs.
- Approved a new ice maker for the Clubhouse kitchen.
- Approved Policy Resolution # 5 - Design Review Procedures to go out for community review.
- Approved Policy Resolution # 12 - Woodshop Regulations to become Administrative Resolution # 35 with some needed revisions to internal safety rules.
- Approved amending the reserve study to place all veranda furniture oversight with Food and Beverage Committee
- Approved a contract with Riverside Turf to install Tahoma 31 grass on the golf course in 2024.

Everyone stay safe and well.

Kathy Vergano  HOA Board President.

HH NEEDS YOU!!

Heritage Hunt Homeowners Association is known as being a thriving active adult community. In many ways this would not be possible without the enthusiastic and passionate volunteers who devote their time and energy to the Community. There are approximately 80 residents currently serving in elected or appointed positions. The Board of Directors and Committees are always in need of more volunteers. Community volunteers have the unique opportunity to provide recommendations to the Board on issues affecting Heritage Hunt.

Please consider declaring your candidacy in September as you read through the Committee and Board summary pages that follow. In addition, a “Meet the Board and Committees” event will be held on Wednesday, August 30. This is an opportunity to hear directly from the Board and Committee members regarding their experiences volunteering and serving this great Community. You are encouraged to attend a committee or Board meeting, read minutes from prior meetings and visit the Heritage Hunt website to learn more about the roles and responsibilities of the Board and Committee members.

Please email elections@heritagehunt.net for questions regarding the annual election or declaration of candidacy.

BOARD OF DIRECTORS (BOD)

Your community needs you to volunteer to serve on our Board of Directors if you are willing to:

- Set the policies, standards, procedures, programs and budgets for the Association in accordance with the governing documents.
- Balance the needs and obligations of the Community as a whole with those of individual owners.
- Act within Board authority, to exercise due care, and to act in good faith and with ordinary care in the best interests of the Association.
- Commit to attend two (2) regularly scheduled Board meetings each month and other meetings during the month called for a specific purpose such as appeal hearings, budget meetings or Executive Sessions; and Commit to serving as Liaison to the Standing Committees and attend their respective Committee meetings.
- Board members rely on our Managing Agent for the daily operation of the Association and on our Standing Committees for advice and recommendations.

Yes, being a Board member requires a commitment, but it also provides an opportunity to work with fellow volunteers in ensuring Heritage Hunt continues as a valued Active Adult Community.

ARCHITECTURAL REVIEW COMMITTEE (ARC)

The ARC has seven elected members. We meet the second and fourth Wednesday of each month in the Mountain View Room, except in November and December when meetings occur on the second Tuesday of those months.

We are responsible for approving Design Review Applications submitted by homeowners to change the appearance of their house or lot. The Design Guidelines guide us in making our decisions. The committee Chair reviews the application to be sure all necessary information has been provided and that the project meets the guidelines. The Chair then assigns between one and three applications to each committee member.

The member reaches out to the homeowner to get any additional information needed to better describe the project and usually visits the home. During committee meetings, a committee member tells the project’s “story” to the committee using the information from the application, discussions with the homeowner, and any images they may have taken during the home visit.

We then vote on approval of the application. The committee member then notifies the applicant of the committee’s decision.

We also modify the Design Guidelines on a periodic basis.

We do NOT inspect properties for violations which is the role of the Covenants Administrator.
Serving on the ARC is a rewarding experience. We work with homeowners to help them get their projects approved. Our first-time approval rate is over 98% (which is rare in this area). Helping residents get their projects approved is rewarding and fun.

No special background or skill set is required to serve on the ARC. We upload photos and other materials to our shared cloud-based committee folder to make them available to our fellow committee members. We email to communicate with the committee and HOA management staff.

The Guidelines are clearly written for easy understanding.

It’s a great way to serve the community!

**BUDGET AND FINANCE COMMITTEE**

The Budget and Finance Committee provides financial oversight of the HH Homeowners Association (HOA) and advises the Board of Directors on financial matters. A financially strong HOA ensures that our amenities, services, and infrastructure are maintained at a level that keeps us a desirable community. It also ensures that dues remain reasonable and only increase when necessary. Our superb set of amenities and services benefit the lives of every homeowner in the community. You don’t have to be an accountant but some familiarity with finance and/or budget is helpful. The committee is composed of seven members, and generally meets on the third Wednesday of every month. Some of the responsibilities associated with this committee are the following:

- Oversee preparation of the annual integrated operations and reserve budget.
- Review monthly reports prepared by the Managing Agent.
- Review the Annual Audit and make appropriate recommendations to the Board of Directors.
- Ensure adherence to HOA Contracting Policies and Procedures
- Assign liaisons to the HOA committees and attend their meetings.
- Review Resolutions from HOA committees
- Monitor reserve studies and investments

**COMMUNITY RELATIONS COMMITTEE**

The Community Relations Committee’s primary responsibility is to inform the Board of Directors and, most importantly, the community about issues, concerns, and activities of interest to Heritage Hunt residents. Our members monitor public and private sector developments that may impact Heritage Hunt; arrange Town Halls and community briefings.

Accomplishments:

- Conducted 3 successful blood drives in 2023 and scheduled 3 more. Heritage Hunt has hosted over 50 blood drives since late 2000’s, donated over 1182 units of usable blood and recruited 1334 donors. CRC sponsored blood drives have met and often exceeded Red Cross blood drive goals which have increased from 25 in June 2017 to 55+ in 2022.
- Hosted over 30 well attended events in first half of 2023. CRC continues to grow and offer more and more activities to keep our community informed and entertained. CRC is made up of several programs and we continue to sponsor a number of sub committees, task force groups, and special events to provide a full calendar of fun, exciting and informative programs and events each month.
- Conducted 3 monthly Resident Forum presentations with between 45 and 90+ attendees. This program features Heritage Hunt residents, and others when possible, to share their experiences and/or areas of expertise with our residents.
- Our Health Series program offers a variety of health related topics each month. With attendance between between 30 and 62. This year topics included Visiting Angels, neuropathy, balance and fitness. Information on the Health Series is found in the Horn.
- Hosted Social Activities events, many first time ever, in the first half of 2023; each event drawing

at least 20 residents. The Memorial Day walk around Talley Rand Pond and Memorial Tribute cards honored our veterans.

• CRC’s Welcome New Neighbors program hosted 6 monthly Mix & Mingle events with 40 to 60 in attendance at each and one New Neighbor’s Orientation Breakfast Event with 22 new residents in attendance. CRC’s 12 Welcome New Neighbors Greeters have welcomed over 42 new residents since January 2023, meeting our objective to reach, inform, welcome, entertain and assimilate all new residents.

• Communicated with area elementary schools during the year to offer the help of our volunteers. ESVPP promotes residents working together to help area school children have better lives.

• Matched up those who have handicapped equipment to loan or donate with those residents who have temporary or permanent need of wheelchairs and other handicapped equipment and related items. We have loaned over 128 pieces of equipment since January

• Sponsored Cinema Sisters Free Movie Nights each month. The highly anticipated monthly Free Movie Night event draws from 76 to 172 residents for each show, a total of 511 attendees since January.

• Everyone is welcome to attend our meetings, held on the first Monday of every month at 1:00 PM in the Mt. View Room. Please visit and consider running for any vacancies in December.

EMERGENCY PREPAREDNESS COMMITTEE (EPC)

EPC Mission: We provide capabilities to respond to and prepare for emergencies or disasters that affect the safety and welfare of the HH Community and promote self-reliance of residents through effective communications, training, and education.

Structure: The Emergency Preparedness Task Force (EPTF) was formed in 2002. It studied the threats to and vulnerabilities of our area and provided readiness information to the Heritage Hunt community. The EPTF evolved into HH Emergency Preparedness Committee (EPC) in 2014. The committee has seven elected members and three appointed Zone Directors. The EPC meets at 9:30AM on the first Wednesday of the month in the Garden Room in Marsh Mansion. Currently we have two open positions on the Board and need a Northeast Zone Director.

Emergency Volunteers – Who We Are & What We Do: We are volunteers and your neighbors, with the desire to assist HH residents in the event of a disaster.

We are educators. We train HH residents in CPR and AED procedures. We arrange for First Aid and Stop-the-Bleeding courses. Residents can register for training at: cprhhepc@gmail.com

We encourage HH residents through various media to learn self-sufficiency and to prepare for and respond to disasters. This includes installing Knox Boxes allowing quick access by First Responders and having a File of Life on your refrigerator for conveying critical medical information to them.

Emergency Volunteer Activities:

• Participating in our annual training exercise, which practices assisting emergency response and recovery operations using communication equipment and the emergency response structure.

• Training in CPR and AEDs. Certified classes are offered annually as well as the uncertified classes offered by the Committee quarterly.

• Taking a first aid class when offered.

• Learning to use Family Radio Service (FRS – walkie-talkie) radios and radio procedures. Classes are held to learn and to update skills annually.

• Assisting when the HH Emergency Coordination System is activated.

• Passing information from authoritative sources to neighbors.

• Acquiring and maintaining a 3-day or more supply of food, water and supplies for for sheltering in place and encouraging residents to do so.

• Assisting the EPC in its various projects.
• Researching and reporting emergency preparedness and response best practices and state of the art equipment.

• Participating in regular EV meetings and training events.

• Assisting in the fire hydrant stake installation and retrieval.

EVs can participate in as many or as few activities above as they are comfortable with and are available. If you would like to join us in our mission, there is an application form at the Clubhouse Front Desk, entitled “HOW CAN YOU HELP IN CASE OF EMERGENCY?” You can contact us via email at emergencypreparedness@heritagehunt.net

**FACILITIES COMMITTEE (FAC)**

Are you a curious person? Do you like to learn about how things work? Do you like to help solve problems in creative ways? Then you might really enjoy being part of our committed, integral, and vital Facilities Committee.

The Committee has responsibility for maintenance and repairs of most of the buildings in our community. These include the Clubhouse, Fitness Center (including both indoor and outdoor pools), tennis, pickleball and bocce courts, Marsh Mansion, the Golf Maintenance building, comfort stations on the golf course, and the gazebo on Paddock Pond.

The Committee oversees the repairs and/or replacement of the components that make up the buildings, including roofing, siding, decking, columns, doors, windows, siding, drywall, tile, flooring, HVAC units and electrical components. If you like to remodel, you might find these responsibilities to your liking.

The Committee collaborates closely with the other committees, the Board of Directors, and CAMP’s Facilities Engineer as necessary for the general operation of our community. If you are interested in being integrally involved and giving back to our wonderful community, Facilities Committee may be just what you need.

**FOOD & BEVERAGE COMMITTEE (F&B)**

Heritage Hunt has many wonderful amenities for our residents to enjoy. One of the most important amenities is the Red Oak Bar & Grill, which falls under the purview of the Food & Beverage Committee.

The primary goal of the F&B Committee is to support and improve the “active lifestyle” of our residents in a financially responsible manner. The committee’s responsibilities include collaborating with Up to Par, our club services contractor, and advising the Board of Directors on any issues relating to the food and beverage amenities, as we ensure that they take place in a welcoming environment and consistently provide a variety of offerings at competitive prices with superior service. Residents should feel a sense of belonging when they enter any F&B venue at Heritage Hunt -- this is their club.

The Food & Beverage Committee oversees the operation, maintenance, improvements, and enhancements for many HOA-owned facilities including the ROBG, Clubhouse Ballroom, and the kitchens in the Clubhouse and Marsh Mansion. The committee works hard to support the Heritage Hunt HOA business plan with input from other appropriate committees. We not only provide a variety of offerings in the restaurant and bar, but host other resident events, including picnics at the Marsh Mansion, holiday dinners, such as Easter, Mother’s Day, and Thanksgiving, as well as Breakfast with Santa, Kids’ Day in August, and many other social events (that include food and beverages).

The Food & Beverage Committee is a dynamic group of hard-working volunteers. Please consider joining our committee. Election for new positions will be held in December.

**FUTURE RESIDENTS SUB-COMMITTEE**

The Future Residents Sub-Committee works as a sub-group under the Advisory Committee for Strategic Planning. Once the developer left the community, it was determined by the Board that we needed a marketing system to promote Heritage hunt as a desirable community for 55+ active adults, in order to attract new residents. This is done by holding two annual Community Open Houses, in spring and fall, coordinated with the Real Estate community.
FUTURE RESIDENTS SUB-COMMITTEE (CONTINUED)
It involves advertising the events through publications and social media and soliciting residents to invite their friends who they’d like to have as their neighbors. Volunteer residents talk to the guests, provide them with folders of helpful information and answer their questions about our community. The guests also meet with the Golf Committee to learn about our various membership plans. The resident volunteers then provide a list of homes that are currently open and a map of the community with those homes marked. Before they leave, the guests are asked to complete a questionnaire to help us understand the needs of potential residents. This information is used to determine future projects to complete between the two Open House activities. Our sub-committee members plan and execute all the tasks.

GOLF COMMITTEE
Are you an avid golfer? Do you play several times a week? Consider giving back to the community by serving on the Golf Committee. The Golf Committee meets once a month on the second Wednesday at 3:00 pm. The primary responsibility of the Golf Committee is to advise the Board of Directors on issues related to operations and maintenance of the Heritage Hunt golf course. See Administrative Resolution No. 3, 2022 Golf Committee Charter for more details.

GROUNDS COMMITTEE
The Grounds Committee is responsible for maintenance, repair and improvement of our neighborhood’s common areas. Some of our projects include:

- Working with our landscape contractor to keep our community award-winning!
- Tree trimming, removal and replacement
- Road, sidewalk and walking path maintenance and repair
- Parking, traffic management and safety issues
- Ponds, irrigation, drainage and erosion control
- Maintaining retaining walls and fences
- Gatehouse maintenance and security systems
- Snow and trash removal operations

If you are interested in helping to ensure Heritage Hunt remains a premier community, please consider joining us. No special qualifications are needed, but basic computer skills are helpful. Join us at our monthly meeting the third Tuesday of each month at 2 PM in the Clubhouse Mountain View Room. For details or questions, see the Committee web page at www.heritagehunt.net/board-and-committees/grounds-325.html or contact us at: groundscommittee@heritagehunt.net.

INVESTING & CASH MANAGEMENT COMMITTEE
The Investing and Cash Management Committee is seeking property owner volunteers to become members.

The Committee responsibilities include investing, monitoring, and reinvesting funds to meet the goals of maximizing return while assuring that funds are available when needed. We are responsible for the Association’s investing activities. This includes investments that support the Repair and Replacement Fund, Roads Infrastructure Fund, Major Projects Fund, and other reserve funds established by the Association. Investment opportunities are governed by State regulations.

Additionally, we monitor cash balances for compliance with insurance limits such as those promulgated by the Federal Deposit Insurance Corporation (FDIC). We coordinate with the Budget and Finance Committee to identify future reserve spending requirements. Currently, the Heritage Hunt investment portfolio has a market value of approximately $7.5M.

There are five voting members on the Investing and Cash Management Committee. Three are property owners elected during the annual elections. The Chairperson is the Treasurer of the Board of Directors. The fifth member is appointed from the Budget and Finance Committee. Meetings are generally held monthly on the 2nd Thursday in the afternoon.
There will be one opening on the Investing and Cash Management Committee to be filled during our Fall 2023 elections. If you have a background or an interest in investing, please consider your candidacy. The newly elected member will serve a three-year term.

Please consider offering your talents and experience.

LIGHT, SOUND AND TELEVISION COMMITTEE (LSTV)

When the stage shines brightly and the sound fills the Ballroom or Mountain View Room, do you ever think about how all this happens? As many know, it happens because the LSTV Committee has spent a considerable amount of effort over the past 6 years or so to design the audio, visual, broadcast, and lighting systems, and then purchase the equipment, its installation and testing. Then, given the operational systems; training, rehearsals, and performances require additional hands-on operation by LSTV personnel to ensure the show, meeting, or event is successful and enjoyable by the attendees.

Our “customers” include: BOD, Men in Song, Women of Note, Little Theater, Concerts, Giving Circle, High Steppers, Wine Club, Up2Par, Movie Night, and many more.

Would you enjoy participating on this team of Heritage Hunters who perform this visible and valuable service to the community and have a good time doing it? Our team consists of 13 or so residents and, seriously, we’d love to have more men and women join our team so that we can provide greater service and spread the workload. We are not elected so any individual can join or leave our ranks at any time. We get a lot of kudos from community residents and outsiders who enjoy what we bring to the table. The positive feedback makes us proud to be able to provide this kind of service to the community.

If interested, send us an e-mail at LSTV@Heritagehunt.net and we’ll take it from there.

COMMUNITY COMMUNICATIONS

WEEKLY E-COMMUNICATOR

Are You Receiving Community Updates?

The HOA Management Team sends weekly email communications to the community regarding community events, Board of Directors activities, changes in Governing Documents, and even notifications and updates that may affect your property such as outages, etc. We encourage all residents to ensure they are receiving these communications by taking the following steps:

1. Log onto the Heritage Hunt website, www.heritagehunt.net and click on the HOA tab and then go to "Weekly HOA Email Communications"

2. If you need assistance, please email our Lifestyle Director at lifestyle@heritagehunt.net.

HH FORCE MAIN PROJECT

The Force Main Project roadwork is moving right along and will continue throughout the summer on the southbound lane of Heritage Hunt Drive from the Front Gate House to Heritage Valley Way. Thank you for your continued patience and please continue to drive with caution as you are driving through this area. Even when the work is not being done in the evenings and over the weekend, the construction area should still be navigated with an abundance of caution, as the roadway can be uneven.

To keep updated on the project, watch the weekly E-Communicator or visit the HH website, www.heritagehunt.net. Information can be found on the main page or the Force Main Project page under the Outside the Gates tab.

2023 RESIDENT DIRECTORY

The Resident Directory will be distributed in July, in the Clubhouse Lobby. Date and Time to be announced in the E-Comm and on HHTV. Please watch for this information as it becomes available. Questions can be directed to Janette Nash lifestyle@heritagehunt.net
ARCHITECTURAL REVIEW COMMITTEE (ARC)

NEW DESIGN GUIDELINES DOCUMENT RELEASED

The Architectural Review Committee (ARC) has released three documents that replaced the 2020 Design Guidelines (DG). There are changes to this release which will impact the way you can view the guidelines and supporting documents.

First the old Design Guidelines have been divided into three documents. They are the 2023 Design Guidelines, a Residential Maintenance Standards document, and the Design Review Application.

These documents are on-line in the Heritage Hunt website. If you cannot access the website, you may get one from the Marsh Mansion. If you need a specific section, you may request that it be printed for you at either the front desk of the club house or the Marsh Mansion.

You may access the documents and form by going to the Heritage Hunt website at heritagehunt.net. Then, after you login, navigate to the Board & Committee tab. In the drop-down menu access Architectural Review Committee. The documents and form are in the section entitled “Important Documents”.

Second, the content has been revised for ease of reading and understanding. This includes publishing the Design Review Application (DRA) as a separate document. We also removed all checklists from the DRA so it is now two pages instead of four. So how do you know what must be attached and the evaluation criteria? The Design Guidelines document contains bulleted lists which tell what must be attached to the DRA and the criteria against which the DRA will be evaluated by the ARC.

We also eliminated several of the appendices from the DGs which were either out of date or incorrect. We also moved content from Appendices to the body of the document (for example Golf Course Lots are now in Landscaping).

You may submit your DRA by sending the completed form with supporting attached documents to HHDRAS@Heritagehunt.net. If you do not wish to send your documents by e-mail you may drop off hard copy at the front desk of the Clubhouse or on the second floor of the Marsh Mansion.

Third, we created a separate Residential Maintenance Standards document which removed all maintenance related content from the DGs to that document. Now you know what the Covenants Administrator will be looking for during the annual and resale inspections. The Covenants Administrator may also refer to the DGs if an addition or change to the property looks “off” to see if a change was improperly implemented.

The ARC is always looking for ways to improve the documents. If you have a suggestion for improvement, please send them to architecturalreview@heritagehunt.net. We collect your suggestions and will discuss them during our periodic update sessions.

HH BICYCLE CLUB

The HH Bicycle Club rides year-round, but a lot of our members prefer the warmer months instead of the cold winter temperatures when we have to bundle up. We do start a bit later in the morning during the winter months, but now with the warmer temperatures, we begin our rides from Marsh Mansion at 0800.

Members who haven’t ridden in a while are now back riding with the group. By the time you read this we will have done several off-site rides probably to Purcellville and to Vienna to lunch at the Vienna Inn. Also, several of our core members have had knee replacement surgery over the winter months and are now back riding with us again as well. If any of you reading this article would like information or would like to join us, please call me as we look forward to seeing new riders. (Lynn Saunders @ 571-278-9366 or 703-743-2271).

On the following page is an article about Todd Counts (one of our core riders) and his family. The Counts are certainly a military family; one of many military families in our community so I thought it would be appropriate to put this article in the Horn. Enjoy his write-up below. It is pretty impressive that Todd was able to wear his uniform on the day of his grandson’s commissioning!

Lynn Saunders

A SPECIAL MEMORIAL DAY FOR THE COUNTS FAMILY

Memorial Day Weekend 2023 has been a special time for the Counts family. We celebrated the West Point graduation and commissioning of grandson, Second Lieutenant David Edward Counts, in the U.S. Army. The included photo was taken during the commissioning by the Washington Monument at West Point. Pictured are three generations of the Counts clan who have cumulatively served seventy-five plus years in uniform in service of our nation. Us old soldiers were honored to don our uniforms (for the first time in twenty plus years) to mark the occasion. Shown (left to right) are Colonel Todd Counts (grandpa) who administered the commissioning oath, Second Lieutenant David Counts, Sergeant Major Julie Counts (mom) who pinned on her son’s Second Lieutenant bars, and Sergeant Major Drew Counts (dad) who published the appointment orders and rendered the lieutenant his first salute – and received the traditional silver dollar in return. David is off to join the 101st Airborne Division at Ft Campbell, Kentucky; the same first assignment as his Counts grandparents (Todd and Millie) some sixty-one years ago -- and the birthplace of his dad.

**MIX N' MINGLE**

All residents are invited to this casual social gathering in the Clubhouse Blue Ridge Room, July 19th, 5:00-6:30 p.m. and we're especially calling out to Newcomers to Heritage Hunt!

Get to know your neighbors, make new friends, and hear about activities in our wonderful community. Want to know more about bocce, pickleball or golf here in HH? What about the Little Theatre group? There are so many activities to enjoy here at HH and this is a great opportunity to either share your knowledge with a newcomer or to learn about them.

Drinks will be available for purchase with your HH account or a credit card. You can also join some of us afterwards for dinner at the Clubhouse restaurant...no reservations needed.

If you can’t make it this time, join us on the third Wednesday next month.

**JULY 4th COMMUNITY WALK**

As we did for Memorial Day, our trumpet master, Don McMillan will start the holiday off with our community walk around Tallyrand Pond. Meet at the corner of Halverton Place and Tallyrand Way at 9:30am. Come and join your neighbors as we celebrate the history of our wonderful country!

**GREETERS NEEDED**

Do you enjoy meeting newcomers to Heritage Hunt? Do you enjoy getting to know people?

Then WE NEED YOU! It is just a matter of being assigned a new resident and meeting with them for a short visit. During that visit we have a list of some communication items which will make their transition to Heritage Hunt smoother. If you are interested, please contact Sylvie Bartholomew, welcome.hhneighbors@gmail.com.

CRC - FREE MOVIE NIGHT
FRIDAY, JULY 21

Join the Cinema Sisters for Free Movie Night on Friday, July 21, at 7:30 p.m. in the Great Oak Ballroom. This month’s feature is Ford v. Ferrari, a film not just for racing fans, but the story of the men who build them.

“American car designer Carroll Shelby (Matt Damon) and the fearless British born driver Ken Miles (Christian Bale) together battle corporate interference and the laws of physics to build a revolutionary race car and take on Enzo Ferrari at the 24 Hours of Le Mans in France in 1966.”

Free popcorn and cash bar will be available in the ballroom. Carry out food is available from the dining room and is permissible in the ballroom. There is no wait staff service available in the ballroom. To order carryout food, the phone number is 703-743 2021.

RESERVATIONS FOR THE MOVIE are required to ensure adequate seating and popcorn. For this month only, please use email only at HHMovie aol.com, stating name and number attending, as the Cinema Sisters will be away from the phone for a family event.

Have you wondered: Is this discomfort heartburn or something else??

Attend this informational workshop to learn about GERD: What is it and how can it be treated?

GERD (Gastroesophageal Reflux Disease) is very common. The condition and its symptoms touch 20% of the U.S. population.

Dr. Aaron Sachs will tell us of the new advances that are being used to treat GERD and explain why the flexible endoscopy is so important in the treatment of this condition. He will also discuss bariatrics—a reduction of adipose tissue for treatment of obesity.

Dr. Aaron Sachs is a board-certified, fellowship trained surgeon, specializing in reflux, bariatrics, and flexible endoscopy and is affiliated with UVA Health Haymarket Medical Center. Dr. Sachs is the Medical Director for the Comprehensive Reflux Program at UVA Health Haymarket Medical Center.

“A JEOPARDY DREAM COMES THROUGH”

Do you like Trivia games? Do you want to find out how to get on a game show like JEOPARDY? How do you prepare? Is there a “test” to be a contestant? Is there an interview? All of these questions will be answered by Tanya Parrott, a Gainesville resident who on February 6, 2023 was a Jeopardy contestant hosted by Ken Jennings. Jennings holds the record for the all-time American show winnings, the longest Jeopardy winning streak ($4,522,700), in the history of the show.

Tanya Parrott has worked for Prince William County schools since 2004, serving as a librarian in Battlefield High School, Benton Middle School, Chris Yung and Yorkshire elementary schools, and currently, the Nokesville School. Ms. Parrott is from Chazy, NY. She has been a trivia lover since the 4th grade. She played trivia at home and entered many competitions in High School. Ms. Parrott attended St. Lawrence University in Canton, NY and received her master’s degree in Library Science from the University of Albany, N.Y.

**CROSSROADS CONNECTION**

Crossroads-Connection has just moved to its new leased space minutes from Heritage Hunt. All equipment has been moved to the new location to include shelving, tables, chairs, food and bins for packing the food. (The red bin “train” is pictured.) New tables and shelves are on order to allow us to fully utilize the space. A few more punch-list items need attention and then we expect to have the air-conditioning working well in time for a small ribbon-cutting ceremony. It is truly a celebration of service to our community of schools!

During June the schools let out and many of us go on vacation. This is the time Crossroads plans for the next school year. We schedule fund raisers at our local eateries who support us with a percentage contribution according to the dining dollars spent at their restaurants. We look at available grants so that we can assist the needs of additional students during the 2023/24 school year. Other fundraisers are planned and scheduled. Food needs continue to grow!

One school principal has requested that we assist in supplying lunch food to a large group of students for a three week period during summer. As we focus on student food insecurities only during the school year, this request adds a challenge. We hope to share our closing food inventory with these kids. That will be a stretch so Crossroads will have to supplement by reaching out to other sources of support. Could you cover 15 lunches for one child?

Have a good summer and as you make your own future plans as to where to volunteer and how to financially support local children in need, remember Crossroads-Connection!

HH CAR CLUB

We had a great May Meeting in the Clubhouse Mt. View Room. Meetings will be held on the 2nd Thursday of each month through September in this room starting at 5:30pm. We had about 26 car club enthusiasts attend.

In July, we will be hosting the annual HHCC Car Show. This event will be happening on July 8th between 10:00am to 1:00pm at the Marsh Mansion parking lot. Any residents that wish to display their car, please send an email to the club (See below) by July 1st, and we will make room for your car. Members and those who wish to participate should be at the Marsh Mansion parking lot by 9am. It was a big draw for residents last year.

Speaking of membership, please pay annual membership dues of $20 and be sure to pick up your membership mug. We are asking that each of you contribute toward sustaining this club as we move forward into 2023 and beyond.

For July we will meet for dinner after our club meeting on July 13th in the Clubhouse restaurant. Spouses, +1 are welcome.

Katies Car’s and Coffee has one of NoVAs preeminent informal car shows each Saturday morning starting, weather permitting, around daybreak. This event was a great time for everyone. The website is oldbrogue.com/event/katies-cars-coffee/2018-03-03/ It is well worth getting up early even if you are not a car enthusiast!

Don’t forget about the July 15th Willing Warrior Vettes For Vets & Classic Car Show at the Retreat in Haymarket. On-line registration (WillingWarriors.Org) is $20 and on-site registration is $25. You’ll get a Challenge Coin & Goodie Bag at registration/check-in and there will be flyers to hand out at the next meeting.

Rich Tricarico has club merchandise for sale! Put your club sticker on your car to let everyone know about our club.

Rick Sherman, Owner of the club’s May Car of the month received a portrait of his car and a certificate. Thanks, Rick, for your support.

Jeff Grant, owner of the club’s June Car of the month received a portrait of his truck and a Certificate.

Thanks, Jeff, for your support.

The club’s July Car of the Month is Terry Gonyaw’s 1991 Corvette ZR1 #1838 an American Supercar.

Terry’s Corvette is regularly driven year round and got 25.78 MPG going to lunch in Newport News last month. About 18 MPG to 22 MPG around here. Of note is this car is #1836 of 6939 cars produced that year. March 1990, a stock ZR-1 set a new 24 hour average world speed record for production cars by averaging 175 MPH over 4221 miles. This record stood until 2011.

CROQUET CLUB

EVERYONE IS ENCOURAGED TO PLAY CROQUET!

There is a secure box near the court with the code 1776. Please take care of the equipment and relock the box after play.

1. Two/four people may play at one time. If two people play, one player plays the blue and black ball and the other plays the red and yellow ball. If four people play, each plays a different color, with blue and black players being partners and red and yellow being partners.

2. Play begins in the BLUE corner at the wicket that is marked in BLUE.

3. Order of play is on the stake in the middle of the court: Blue, then Red, then Black, then Yellow.

4. The goal is both blue/black or red/yellow to make the first five wickets and then hit the post. They do this by taking turns. In order to win, both Blue and Black or both Red and Yellow must score all five wickets and hit the post. So help your partner if possible.

5. All balls start at the blue wicket. When a ball scores the wicket, the player gets to hit their ball one more time towards the next wicket. Then it is the next players turn.

6. For each turn a player may hit their ball one time when it is their turn. If on the way they can hit another ball of any color they get two shots to try to make the next wicket. They may not hit that same colored ball again until they score the next wicket.

7. The sequence of wickets is BLUE in SW corner (painted blue on top), to wicket marked with red flag in NW corner, to wicket marked with black flag in NE corner, to wicket marked with yellow flag in SE corner, then to middle wicket painted red on top, and then to hit post.

8. If at any time you cross the boundary line marked by the flags, pick your ball up and carry it to the inside of this imaginary line.

When an emergency arises that affects the safety of the community, the BOD, CAMP and Emergency Preparedness Committee will work to inform the residents using the T-Comm and E-Comm systems about the extent of the emergency and will advise the community about gate and road closures and what actions, if any, residents should take. Therefore, important that not only your home phone but your mobile numbers are in T-Comm so you can be reached in your vehicle during an emergency.

You can email the Committee using the following address: emergencypreparedness@heritagehunt.net

EMERGENCY PREPAREDNESS COMMITTEE (EPC)

EMERGENCY CLOSURES OF HERITAGE HUNT GATES AND TRAFFIC

Want to begin by thanking the First Responders, Columbia Gas, members of the Emergency Preparedness Committee, and CAMP personnel for their actions during the incident involving a gas leak near the tennis courts. Although this was an unexpected event, to be better prepared, those involved with security/emergency management are doing lessons learned and are making program improvements. But as residents, you will also have responsibilities during these events.

In response to emergency situations or construction efforts, there may be times when it is necessary to close the Heritage Hunt Front Gate Entrance and/or Exit. Depending on the emergency, it may also be necessary to re-route traffic in the community. Although inconvenient, these actions would be necessary to ensure the safety of residents and to allow first responders (police, fire department and utility personnel) to contend with the emergency.

If the Front Gate entrance is closed, traffic would be re-routed to the Back Gate located on the west end of Fieldstone Way. From the Front Gate, you would be directed to proceed west on Heathcote (towards Harris Teeter). Go passed the Harris Teeter shopping center and turn right onto Catharpin Drive. The Back Gate is 1.2 miles (approximately) down Catharpin Drive. There will be a Security Guard at the Back Gate directing traffic into Heritage Hunt. A removable map of Heritage Hunt that shows the location of the Back Gate, route to follow to reach this Gate, and guidance to follow during an emergency will be in the August issues of the Horn.

Your cooperation during these emergency situations is critical. Going around or through barriers placed to prevent entrance through a gate or to closed-off road not only endangers you, but also the safety of the first responders and interferes with rectifying the emergency. Your cooperation during these emergencies is greatly appreciated.

GARDEN CLUB

Greetings Garden Club Members and all Heritage Hunt residents!

Garden Club will sponsor our first Garden Show on July 27, 2023!

We are opening the competition to all Heritage Hunt residents! The competition will open at 10:00 in Marsh Mansion on July 27, and all entries MUST be received by 10:30. This is a fun, informal summer garden event and will be judged with ribbon awards for 1st, 2nd, and 3rd places, plus a BEST IN SHOW award. Our judges will arrive after 10:30 and will be (1) Doug Burroughs of Flower Gallery of Manassas; (2) Debbie Bernard, retired Art Educator with Prince William County; and (3) Barbara Carr, Florist with background in Germany.

Here are the categories for entries:

1. Single bloom or mixed bouquet, any size
2. Petite floral arrangement
3. Medium/large floral arrangement
4. Home grown - all components are straight from your garden
5. Houseplant - you should have owned & cared for it for at least 3 months
6. Miscellaneous - surprise us! (unusual container, recycled, whimsical, etc.)

If you enjoy this event, please consider joining our other Members for more fun and educational gardening events which are held throughout the year. We will have sign-up opportunities for new members on the day of the show.

Enter as many times as you like and --- GOOD LUCK!

FITNESS CENTER NEWS

NEW - SIT & FIT CLASS

Effective July 1, Seated Aerobics will no longer be offered. However, we are please to offer a new class, with a new format, called Sit & Fit. Please refer to page 71 of The Horn for hours and location.

This class will no longer be on a session based fee schedule, but will instead be a Fitness Center Coupon Booklet method of payment. A booklet of 15 coupons can be purchased at the Fitness Center Office or the Clubhouse Front Desk for $105.00. Coupons do not expire and can be used for any format of our fitness classes throughout the year.

New to fitness classes? Try any class the first time for free! All classes are taught by certified and/or licensed fitness professionals.

Class description for Sit & Fit

Engaging in physical activity is one of the most important things you can do to maintain mobility and independence, no matter your age or ability.

While not everyone can manage 60 minutes of standing exercise, staying seated offers the opportunity to reap many of the benefits of an hour long workout.

Don't let the chair fool you! This energetic workout will get your heart pumping with upbeat music and various props, bands to strengthen muscles and stretches to help with joint mobility. Though most of the exercises are done seated, there is always an option to stand, and to work at a level that is manageable, yet still challenging for each individual. For more information regarding the Sit & Fit class, please contact: Elaine Adler @ 571-248-2874

THE GENEALOGY CLUB

During the summer months of, hopefully, pleasant weather, we genealogists enjoy indulging in our rewarding avocation, perhaps traveling to areas and countries where our ancestors had lived or came from. During those trips, as we seek to become better acquainted with their lives, cemetery visits can provide incentive to learn more about our long-gone family members. If you visit a cemetery, be sure to inspect graves near those of your relatives, as the “occupants” of those graves may be related to your family. People tended to migrate in groups and live near one another. Take photos of the surrounding tombstones or monuments, in order to examine them closely after you’ve returned home. The symbols on them may give hints about the ancestors’ lives.

Meanwhile, DNA testing has become practically a “must” for genealogy research. If you are considering getting tested, think about what you want to achieve or learn from your DNA results. There are risks and rewards from getting those results. The risk is that you may make an unsavory discovery about family members that you’d rather not know. But the reward may be that you meet and bond with “new” relatives – siblings, cousins, parents, so forth. Countless such stories can be found online and among people whom you know. DNA matches can be invaluable in helping you solve the “blanks” in your family tree and shed light on distant ancestors and their homelands. Members of our genealogy club can help you decide whether or not to get a DNA test and which company to do the testing.

An excellent, free website for beginners is www.familysearch.org/en/wiki/Main_Page. This well-known research wiki can help you decide where to start your research. When you land on that site, search for the place or area where your ancestor was born, lived, and died. This will enable you to begin your search for family records. Our club members can aid you in this venture.

Tip of the Month:

Old yearbooks are great fun to explore. If you are interested in finding relatives or friends in them or other books, check out these free websites:

- HathiTrust – https://www.hathitrust.org
- Internet Archive – https://archive.org

Our next club meeting will be on Monday, September 25, at 2 PM. This column is taking the month of August off and will reappear in the September issue of the Horn with details about the planned program for that meeting. Have a happy summer, everyone!

GREEN NEIGHBORHOOD GROUP

Spring Trash Pickup on Catharpin

The Green Crew of Dave Gifford, Mary Kane, Pat O’Neill, Joan Donnelly and Joan Gifford spent 2 hours walking the trail path and picking up trash including an artifact that was most unexpected but left where it was found. The Green Neighborhood Group does a clean up twice a year on Catharpin with the next one in the fall. Anyone that wants to help is most welcome. We never know what we will find but it is always an adventure.

PLASTIC FREE JULY

Thursday July 6
10:00 am
Clubhouse Mt View Room

Plastic Free July is a campaign started in 2011 which encourages participants to lessen their use of single use plastics throughout the month of July. In 2022, 326 million people worldwide participated and it is estimated reduced the plastic waste by approximately 5% per household. The Green Neighborhood Group asks all residents to join us this July and make it a plastics free month. We can all try and help eliminate excess use of single use plastics or see them turned into usable products.

To learn more about that, please attend our meeting on July 6th to hear Emily Whitacre, Materials Sourcing and Promotions Coordinator, for the Trex Company in Winchester Virginia. This firm takes used/recycled plastic bags, plastic film and waste wood fiber and turns them into usable products. We can plan to cut down on use of single use plastic bags or if that is not possible then for sure recycle.

Steps for Preparing Your Loved One for Home Care

When a loved one starts in-home care services, there are a few things you can do to prepare for a smooth transition. Let's take a few minutes to identify how you can help prepare for for in-home care.

- Review Finances & Benefits: Determine how to pay for home care.
- Select the Right Agency: Choose a transparent highly rated agency.
- Set Expectations: Discuss expectations with your loved one and the care team.
- Notify Family Members: Make sure everyone is on the same page.
- Prepare the Home: Address any home hazards to keep your loved one safe.
- Meet Your Caregiver: Get to know the care team to ensure they are a good fit.

Wayne Mitchell is the co-author of Aging In Place Conversations, What industry experts have to say, available on Amazon, and Board of Directors member of the National Aging In Place Council. Wayne lives locally and is the owner of Caring Senior Service located in Gainesville. They provides award winning in-home senior support and voted "The Best" Senior Care Agency for the past 5 years. In June, a highlight of The Giving Circle’s activity was an on-site visit by interested Giving Circle members to Boxes of Basics. This charity’s mission is to provide children in need with a seasonal box of quality new and gently used clothing. Each box contains a season’s wardrobe with a variety of outfits, including “Sunday’s best”, shoes, socks, and newly purchased underwear. Distribution of the boxes follows the Prince William County school calendar.

Did you know that many parents spend an average of $264 on back-to-school clothing for each of their children? That amount is out of reach for many families, so Boxes of Basics works with local school counselors, social workers, faith leaders and human services to identify those in need in Prince William County, including Manassas and Manassas Park.

So, how did The Giving Circle get involved and pick this charity to support? More broadly, does the answer to this question apply to all charities to which The Giving Circle awards grants? Lastly, how are donated dollars used by those charities? Of the more than 1.5 million nonprofits in the USA all are faced with limited funds available to address society’s needs. Unfortunately, not all charities are committed to keeping overhead costs reasonable.

An organization called Charity Watch gives us the following tips: 1) Request written literature and a copy of the charity’s annual report; 2.) Find out where dollars go by examining administrative costs, fundraising expenses, direct mail costs, and telemarketing; 3.) Only donate after reviewing this information.

Ideally, we could all do this individually but, the Giving Circle is organized to do this vetting of all charities considered for grants. Each member can rest assured their donation will be well spent and appropriately allocated to a 501(c)(3) charity. The Giving Circle has a Grants committee to carry out all vetting. Here’s how it works for any new charity: 1.) Members suggest local new charities; 2.) The committee chair assigns a committee member to vet the charity in the above-mentioned areas; 3.) The committee member reports back, and a vote is taken on whether to send the new charity an application; 4) The Grants committee then reviews applications received and votes on whether to forward the grant application to the Board of Directors, first, and subsequently to all Giving Circle voting members, for a final approval. This thoroughness is repeated every year for every new or returning charity. It is a meticulous process, that honestly, I doubt many individuals would do on their own!

Founded in 2008, The Giving Circle of Heritage Hunt, Inc., is a 501(c)(3) public charity. Since inception, over $403,000 has been awarded to local charities in the categories of food, clothing, shelter, literacy, physical health, and mental health. Every dollar donated by members goes into grants and is never used for administrative expenses. If you are not a member and would like to find out more about this philanthropic group, contact Georgiana Ide, at 703-743-2699 or georgiana@ide123.com.

A Walk on the Cart Paths Could Be Hazardous to Your Health

Look up in the sky. It’s a bird; it’s a plane; no it’s a golf ball. Boink! Ouch! #@%*! Don’t let that happen to you or a member of your family.

As Policy Resolution 9, Golf Course Regulations, Section VIII, Prohibited Activities, Letter “A” states, “During operating hours, only golfers and persons authorized by the HOA or golf course operator are authorized to be on or use the golf course, including cart paths. Walking (including walking of dogs), jogging, bicycling or any other presence on the golf course by non-golfers during operating hours is not permitted.”

The regulation is there for your safety. When the average golfer hits a golf ball, that 1.62-ounce solid, dimpled sphere travels at a speed of between 105 and 180 miles per hour. It could sting and leave a nasty welt if it hits soft tissue. It could do serious damage or death, if it hits you in the head. A few years ago, we had one such serious incident on our golf course.

Please, do not walk, or allow a member of your family to walk, on the cart paths or the course during the hours of operation. The hours vary with the season. Currently, the first tee time is 7:30 a.m. and the final one is 7:00 p.m., which means that golfers will be on the course until after sundown. In addition, the maintenance crew is out with the heavy equipment long before the first golfers hit the course.

We want everyone to enjoy the beauty of our community and to also keep out of harms way. Thank you for your cooperation.

Walt Meyer - Chair, Tournament Subcommittee

HH PONDS PRESENTATION

The Golf and Grounds Committees are sponsoring a presentation on the health and water quality of the Heritage Hunt Ponds. With all the natural beauty that our community has to offer, our ponds are probably the most admired and cursed (by golfers) assets. From the delightful Koi Pond that we take our grandchildren to or the calming walks around Tallyrand Pond to the many secluded ponds that we have named after spouses or loved ones, there are twelve known ponds in our community. Ever wonder what the true health of our ponds is and how to keep them healthy and beautiful? Which is the healthiest pond of the community?

Finally, does Heritage Hunt possess a “Champion Tree”? Hint, it is not the old oak. Then, come out to hear what our local Natural Resources Specialist from the Virginia Cooperative Extension Service has to say. Following the presentation, there will be time for personal questions/concerns.

Location: Clubhouse Ballroom
Date/Time: 3:00 PM Wednesday, July 19

Presenters:
• Valerie Huelsman, Natural Resources Coordinator - Master Gardener Coordinator
• Virginia Cooperative Extension - Prince William County
• Jim Cumming, Resident and former Chairman, Grounds Committee

**GOLF - LADIES 9 HOLE LEAGUE**

The Ladies 9 Hole League is very active these summer days. The GOW (Game of the Week) for the first two months of play has multiple winners to note: Anne Doyle, Judy Wetzel, Lois Page, Margaret Swinney (2), Sandra Tomlinson (2), Valli Cox, and Vicki Waffle (2). And check out the Chip-in/ Birdie bulletin board in the downstairs ladies room faithfully kept up to date by Vicki Waffle.

The league has also started to set up some play on other courses when possible. The Regency course in Haymarket was the first choice, with golf and lunch to follow in the clubhouse. We hope to schedule more of these events on other courses.

A slide show of pictures from the league has been started on the website. I urge you to submit any photos you have from our weekly games. You can submit them directly to lifestyle@heritagehunt.net. Note they are for the 9 hole league. Take a look on the website (Go to Golf, then Leagues, then 9 hole ladies). As always, we welcome new players!

**HHWGA-18 LADIES OF LINKS NEWS**

Going, going, gone . . . a home run you ask? No, it was Lillian Forgacs’s hole-in-one on hole #9 during May 24 league play. Lillian said that she did not see the ball go into the hole because of the little mound that obstructs the golfer’s view from the tee box. However, one competitor in the foursome was ever so hopeful when the group approached the green after the shot. And voila, there was the ball in the hole. It was Lillian’s first hole-in-one, and of course, the momentous event called for a group celebration after the round. Congratulations, Lillian, on your achievement and thanks for hosting a fun trip to the 19th hole to mark the occasion.

Tie; Tie; and tie marked the results in each of the three flights of the modified Stableford scoring competition during June 7 league play. Stableford scoring is an outlier in golf because the higher a golfer’s score, the better. On June 7, after net scoring, a league golfer was awarded 1 point for bogie; 2 points for par; 3 points for birdie; and 7 points for an eagle. At day’s end, the top two golfers in each of the three flights earned the same number of total points, and the winner was determined by whoever had the lower net score on hole number 4. In Flight 1, Lillian F. then Margaret D. were the top two; in Flight 2, BJ Austin then Joan O’Neill were the top two; and in Flight 3, Bettie L. then Cyndy G. were the top two. By all accounts this year’s new game of Modified Stableford scoring was a hit!

Ringer board saw a number of double-digit improvements in scores over the past month including those ringer board cards of Joy P., Teresa H., and Becky B. However, Gigi S. showed the greatest improvement by lowering her ringer board score by a whopping 32 strokes.

Golfers have been carding numerous chip in’s also during the last several months, with holes #’s 1 and 16 being the most popular holes for the feat. Generally, the putter seemed to be each golfer’s club of choice although Mary Ide said that she
used her gap wedge for one of her two chip-in's. High fives not only to Bobbi M. and Joanne G. who carded chip-ins but also to fellow league members, Mary I., Barbara W., Jane K., Sue M., Cindy G., Michele R., and Adrienne M. for similar achievement.

Michele R., Joan D., Ellen M., Rose Ann S., and BJ Austin made their mark at the June 6 Home to Home event hosted by the Chantilly GC. Four ladies played on teams that placed in the top five and BJ won “closest to the pin.” Michele was a raffle prize winner.

Remember you can check out the most current HHWGA-18 news at the league website. After accessing the www.heritagehunt.net site, click on Golf Central; then League; then Ladies 18 Hole.

SAVE OUR CRAPE MYRTLE TREES

IF YOU HAVE A CRAPE MYRTLE TREE YOU NEED TO READ THIS:

The Crape Myrtle Bark Scale (CMBS) infestation is gathering momentum in our community and the situation is becoming serious. If this disease is allowed to spread, we could lose every Crape Myrtle tree in Heritage Hunt. If you have a Crape Myrtle tree in your yard or anywhere close to your property please take action now. If you know that your neighbor does not inspect their landscape on a regular basis please notify them of this situation and help them to inspect their trees. The control of CMBS is fairly simple and inexpensive. You can do it yourself or get your landscape company to do it for you but it needs to be done now. Please follow these five steps:

WHAT YOU SHOULD DO RIGHT NOW:

1. Inspect your Crape Myrtle Tree(s). Look for small white splotches on the trunk and/or branches of your tree. Also look to see if any of the branches are turning dark or black. I have seen one or two severe infestations, particularly in the area of Beton Court, Ferrier Court, Gallant Fox, Calumet Court and Piney Grove Way and the area of Triple Crown Loop near these streets. This is the main area of infestation right now but it will spread throughout the community if it is not contained. Trees with a severe infestation must be taken out and destroyed. Please call a reputable arborist and have the tree removed. After cutting, the tree should be wrapped and hauled away to the dump. Do not put it out for the yard waste collection.

2. If you have a minor infestation, OR AT THE FIRST SIGN OF INFESTATION: Scrub the tree trunk and branches with a soapy solution using a soft scrubbing brush. You can get horticultural soap at any local nursery or at most, good hardware stores or just use a little dish detergent in a gallon or two of tepid water. Try to get as many of the little white splotches off as possible. Cut off any branches which have turned black or which have a great many white spots. Dispose of any cut branches at the dump on Balls Ford Road. Do not put them out for the yard waste collection. Inspect the tree every couple of days and repeat the soap solution was whenever you see a sign of reinfestation.

3. Apply a Tree & Shrub Systemic Insect Drench. Mix with water as directed and apply in a 3 - 4-foot band around the drip line of the plant, as a soil drench. To measure the crape myrtle, add up the circumference of all trunks at chest high (about 4.5 feet off the ground). For example, if you have 5 trunks and the trunk circumference is 4 inches each, then you have a total of 20 inches in circumference. Most drenches call for using about 1 oz of concentrate per inch of trunk so in this case you will need to use 20 ounces of concentrate mixed with water according to the instructions.

The drench will need to be applied from the drip line of the plant back towards the base of the tree. The drip line of the tree is considered to be the outer circumference of the branches. In order to apply these 20 ounces properly, it will need to be mixed into several gallons of water so that there is enough volume to be applied in a 3–4-foot band from the drip line in towards the tree trunk all the way around the plant.

WHAT TO DO LATER

4. After the tree has finished blooming at the end of the summer, treat with a Systemic Insect Spray using a hose end sprayer. This should be done after blooming has ended for the season. Be sure to coat the trunk thoroughly. As with all chemicals, use as directed on the label only.

WHAT TO DO NEXT YEAR:

5. In early spring next year around March time, before the tree puts on new foliage, spray with a dormant oil. This can be done a couple of times before the tree leafs out. Apply thoroughly, making sure to get the product under crevices in the bark and between branches.

THIS SITUATION IS ONGOING. Please consider applying the soil drench this year and spraying your tree with the dormant oil next spring even if you do not see an infestation on your tree this year.

HH LITTLE THEATER

HHLT is relaxing in the lazy, hazy days of summer as we enjoy our beautiful pool, rolling fairways, and long refreshing glasses of lemonade (or maybe something a little stronger). It’s also a great time to read some books you never got to.

Little Theater has an extensive library of classic and contemporary plays, comedy as well as drama, scripts for all interests. We would love to get your opinion on future play ideas. Would you like to read some plays? Contact Tom Taggart, Vice President (leatherstocking46@comcast.net) for a list of plays. We would also welcome suggestions for plays you’d like to see HHLT present.

HHLT’s Fall 2023 play is entitled *A Bench in the Sun* by Ron Clark. Written in 2002, the play is a comedy about two men living in a retirement community who meet regularly at a bench in a local park. Their friendship is challenged by the arrival of a very attractive newcomer. Auditions will be held in the March Mansion on Wednesday, July 12 (2-4 pm) in the Ticket Room; Thursday, July 13 (6-8 pm) in the Library; and Friday, July 14 (2-4 pm) in the Living Room.

If interested in auditioning, contact Valerie Morris, Director, at Taftmorris@aol.com for an emailed script and additional details.

HERITAGE CHARITY CLASSIC

THE ANNUAL CANCER WALK IS BACK!

The 2023 Heritage Hunt Charity Classic Cancer Walk will occur on September 23rd at 8:00 am. This will be our 21st ANNIVERSARY EVENT. We have raised over $1.5 million dollars in our last 20 years. Last year we raised over $22,000 dollars from this one event.

We want to make our 21st anniversary even bigger and better. To do that we need your support. Registration forms are available in the clubhouse carousels or via email. Contact willardscott@comcast.net or 703-483-1915.

Register for $25 to get a T-shirt and you can walk, run, bike, or just contribute. Completed forms can be dropped off at the Front Desk with a check made payable to Heritage Charity Classic. The cancer walk is open to all, and over the years folks have invited their family members, co-workers, neighbors, and others. Come join us to walk, bike or run and share lots of great door prizes.

Contact Cancer Walk Chairman Ross Kerr at 860-508-0652 (cell) or 703-743-2367 (home) or rosker1943@gmail.com for more information.

Out of the Blue Seafood will donate a free appetizer (value of $17) to everyone that registers before August 7.

We are a 501(c)3 charity supporting the UVA Cancer Center in Lake Manassas. Your donations are tax deductible.

There is no one in this community that has not been touched by cancer in one way or another. The fight against cancer is a matter of life or death. Thanks to everyone for joining the fight this year.

Bill joined LSTV more than a decade ago because of a challenge. During an event one night, in which he and the former head of LSTV exchanged “comments”, he decided to show up unannounced at the next Monday’s meeting. He has been involved ever since.

Bill enlisted in the Air Force in 1960 and received his commission as a second lieutenant and navigator in 1961. Completing bombardier training, he was assigned to one of the first Jet transport squadrons in the Air Force flying C-135A and B models (not tankers). He rose to Instructor Navigator and Global Navigation status, permitting flights around the world and near the Poles.

Bill then joined the Federal Reserve Bank of Philadelphia, eventually rising to Commissioned Bank Examiner, as well as being one of the early Bank Holding Company Examiners. He was part of the development of examination standards, manuals, and procedures for bank holding company oversight.

With an MBA from Drexel University, he and his wife Judy moved to the DC area, for a new position renovating an examiner training program that was expanded from Federal Reserve only, to multi-agency, state, and national students. He retired in 2001. During his tenure, he was involved in creating an internal financial reporting system for banks and holding companies, being part of the regulatory structure for bank and financial entity closures by regulators, and similar endeavors.

The LSTV team has evolved considerably over time. Early analog systems were prone to break, and a lot of time was spent repairing equipment. Beginning in 2014, we started planning the move to better equipment by upgrading the cameras to good TV quality video, with camera position control, quality recording, and other needed improvements. A while later, we installed high quality speaker systems in the Ballroom and Mountain View Room. George Parker’s lighting systems were the cherry and whipped cream on top of the sundae of improvements. Bill has operated many of the systems in the LSTV inventory, and now works mostly in the Audio-Visual Control Room on the lower level of the clubhouse recording and filming events. He also makes many equipment purchases for the team.

When Bill joined LSTV, his technical knowledge was practically nothing. In the LSTV tradition, he was allowed to gather his technical knowledge over time and at his pace. He was involved with the Heritage Hunt Chapter of MOAA and is a member of the HH Investment and Cash Management Committee.

If you would like to do something more complicated than your TV remote, and are willing to learn, give us a try. We meet every Monday in the Mountain View Room at 9:30. We don’t bite (and you could get a free shirt!!)

Photographing Fireworks on the Fourth.

July Fourth is traditionally celebrated with fireworks displays. Photographing fireworks with your smartphone or other camera requires some specific techniques and tips to achieve good results. Heritage Hunt Photo Club, HHPC, hopes these hints will help you to capture the celebration’s images. However, capturing the beauty of the fireworks in a photo can be tricky. Without the right tools and techniques, your photos may turn out blurry and underwhelming. Here are HHPC’s essential tips and tricks to help to photograph fireworks with your smartphone. These ideas, of course, apply to any camera.

First, find a great location to take your photos. You’ll want to choose a spot that offers an unobstructed view of the fireworks display. Consider the surroundings when picking your location. Look for a spot where there are fewer lights, as neighboring streetlamps or buildings' lights can interfere with your photos’ quality. Try to position yourself away from other people, so you don’t get blocked and can avoid the crowd’s movements that can cause your shots to blur.

Once you have found a great location, it is time to set up your smartphone camera. One aspect to consider is focus. Unlike other types of photography, fireworks are in constant motion, making it difficult to focus your camera. To avoid this, try setting your focus to infinity mode or manual focus mode. This setting ensures that everything is in focus and helps avoid blurry photos.

Another crucial thing is to adjust the exposure settings on your smartphone camera. Most new smartphones come with built-in manual controls. By adjusting these settings, you can capture brighter, more vibrant photos. Experiment with different settings and adjust them as needed. If you have difficulty capturing the right exposure, try shooting in HDR mode. This mode will combine multiple images into one, creating a balanced exposure with detail in both the bright and dark areas.

Finally, timing is another important factor in photographing fireworks. The timing of each shot is crucial, as fireworks burst in just seconds. One way to capture as many moments as possible is to use burst mode. Burst mode allows your camera to take multiple shots in rapid succession, allowing you to choose the best shot later.

Taking photos of fireworks with a smartphone can be a challenging photographic task, but with these tips and tricks, you can capture stunning images. It’s crucial to find a great location, set up your camera correctly, keep it steady, and capture the right timing for each shot. HHPC hopes that these tips can help you take better photos of fireworks with your smartphone camera.

Happy Fourth of July!!

HHPC is a group of your fellow HH residents that enjoys taking, processing, and viewing photographs. Check in the Horn for information about the club and when we meet. Our photos are on display in the Virginia dining room, the upper and lower Clubhouse lobbies, and the Marsh Mansion.

44| The Heritage Horn
Meet Margaret VanDerveer. Margaret moved to Heritage Hunt in August, 2020. She was seeking an active community and wanted to be closer to her daughter and granddaughter who reside in Warrenton. She needed to look no further than our community since her sister and brother-in-law had already been HH residents for over 20 years! Margaret also has one daughter who resides in Delaware. Her love of dogs affords her the opportunity to take care of her two grand dogs often.

In the late seventies, Margaret became the first woman Communications Technician in the Arlington office for AT&T, a major telecommunications company. She earned her computer programming certificate in the early 80’s and began work as a UNIX System Administrator and later as an HP Network Technician in the exploding dot-com era. Switching gears in the early 2,000’s, she made a career move to the Federal Government. She studied to obtain her Project Management Professional (PMP) Certification and began working as a Project Manager for the Federal Emergency Management Agency (FEMA), over-seeing the agency’s telecommunications program for wireless, wireline and satellite communications. Margaret retired from her government position in 2019.

Margaret has enjoyed extensive travel with personal favorites to include visits to Montana, Idaho, and Wyoming. Hands down, Tuscany is a favorite international travel destination where she has made many wonderful new friends and took delight in the culinary creations of Italian chefs. She has enjoyed a variety of sporting adventures including skydiving, scuba diving, kayaking, hiking, and biking. She has also found time to enjoy some downhill skiing and snowmobiling.

Margaret is very active inside and outside of our gates. She competes with her fellow “Six Amigos” bocce ball team, enjoys wine-tasting once a month with a like-minded group of friends, is a member of the HH Hiking Club, plays Mahjong and is an avid bike rider. Her visits back to her old neighborhood near Winchester occur monthly for game night and social gatherings.

Although Margaret’s initial brief exposure to pickleball occurred during the Covid pandemic, she really didn’t jump into the game until she relocated to HH and took advantage of Patty’s free lessons. On average, she now plays 4 days a week and has even introduced her nine-year old granddaughter to the sport whom she says is quite a good player. What does Margaret enjoy most about the sport, “I love the social aspect. The friends I have met through the Pickleball Club are so friendly, interesting, and many have become true lifelong friends. Everyone looks out for everyone else; it is heartwarming.”

See you on the courts!

HH CHAPTER OF THE AMERICAN WINE SOCIETY

July - Summer Wine Party (An Excursion Experience) (Tentative)

“I’m doing my patriotic duty this Independence Day. I’m only drinking American wines.”
Anonymous

“Good wine is a necessity of life for me.”
Thomas Jefferson

The Heritage Hunt Wine Club pursues the mission of sharing quality wines, and presenting vineyards, wineries, and winemakers from around the world. Whether you are new to wine or an experienced oenophile, you will be at home at our wine-tasting events.

How did the Founding Fathers celebrate the birth of our nation? Most likely, they toasted the accomplishment with a glass of wine – Madeira wine to be precise. The colonists consumed the majority of Madeira wine produced, not just because of its taste and ability to be preserved, but also because it was not taxed. King George III failed to include the European territory of Madeira in the 1765 Stamp Act, effectively making this a “tax loophole” for the colonists. Madeira was among the first places in the world to officially recognize American independence. You might want to try a glass this July 4th just for the fun of it.

Our May meeting was the AWS National Tasting Project. Fifty-four club members participated and had the opportunity to score a selection of wines from the Southern Rhone region of France.

I hope to have a report on our June presentation of the Walsh Family Vineyards in the next edition.

For July, there will not be a meeting in the Clubhouse. Instead, at the time of this writing, plans are being made to offer an excursion to a nearby winery. Should it come to fruition, expect to read details about this event via an e-mail coming to you soon if not already.

If you are not yet a member of the American Wine Society you might want to know that AWS is offering half-year memberships through September 30th. It is only available to new members and can be purchased on their website. They are offering individual and household memberships for $35 that expire on December 31st.

Just a reminder that for all club business, please use our e-mail address: HeritageHuntWineClub@gmail.com

To join the Heritage Hunt Wine Club and to be added to our mailing list, please send an e-mail to the above club address. Guests may attend up to three meeting (with a few exclusions), and then must join the American Wine Society (Americanwinesociety.org), which has other associated benefits, to continue attending the monthly meetings.

HERITAGE HUNT WOMEN’S ORGANIZATION (HHWO)

As you may know, almost 2,000 years ago the Roman Empire ended its tremendous reign. Yet, today, Roman influences are all around us. The month of July, for example, is named after Julius Caesar. Caesar led the Roman army to victory in many countries, including France, Britain, Spain, Africa, the Middle East, and Greece. In high school, I studied Latin for four years. I translated Cicero’s Orations and all of Caesar’s Gallic Wars. Caesar was very specific when he reported back to Rome after the battle of Zeia in 47 B.C. Veni, Vidi, Vici. I came, I saw, I conquered.

Harolyn Small conquered our hearts during her tenure as the President of HHWO. As Harolyn says, “Three years ago, my term began during the Pandemic and I met with the board on Zoom each month. We moved forward with drive-through fundraisers to help support our charities that need us. Finally, in September of 2021, we could begin to hold general meetings again, and each year since the board and committee members have come up with awesome ideas for fundraisers and programs. As I finish this term, I thank you for the wonderful experience of working with so many fabulous, hard-working women.”

COMMUNITY DONATIONS COMMITTEE

This spring, the Community Donations Committee met and reviewed the sixteen monetary requests that were received. Due to the generous support of HHWO fundraisers such as the Holiday Home Tour, 50/50 raffles, and basket raffles, this Committee was able to dispense $17,000.00 to local charities. The committee members voted to fund thirteen of the sixteen requests. The following charities and organizations were recipients of this year’s HHWO awards: ASSISTANCE LEAGUE OF NORTHERN VIRGINIA - $1,000 to provide food and clothing for area children; BOXES OF BASICS - $1,000 to provide shoes and underwear to supplement donated clothing in boxes provided to children in need; CARRIED TO FULL TERM - $1,000 to help pregnant homeless women; CROSSROADS CONNECTION - $1,000 to provide weekend food for area school children; FEEDING FRIENDS - $1,000 to provide necessities to homeless in Western Prince William County; FORGETFUL FRIENDS CHORUS - $1,000 to provide music, a director, and an accompanist for individuals with dementia and Alzheimer’s; HAYMARKET REGIONAL FOOD PANTRY - $2,500 to purchase food, particularly meat, to be distributed locally to the hungry; HOUSE OF MERCY - $2,500 to provide food, clothing, and educational programs for those in need in our area; PROJECT LIFESAVER - $1,000 to purchase transmitters and batteries to individuals prone to wandering; READ TO ME - $1,250 to put books in the hands of needy preschoolers; RESET 180 - $1,250 to assist in preventing local human trafficking and to provide support for local survivors; SEMPTER K-9 - $1,000 to help in providing trained dogs to aid ill and injured veterans; WILLING WARRIOR RETREAT - $1,500 to assist funding a respite for wounded warriors and their families in spending quality time together. Additionally in May, a $1,000 scholarship was awarded to a young woman from Gainesville High School who will be attending Old Dominion University this fall.

MARK YOUR CALENDARS

Pre-Registration for 2023-2024 HHWO membership will be held in the HH Clubhouse, Mountain View Room, on Tuesday, August 1st from 9:00 a.m. to 11:00 a.m., and on Thursday, August 17th from 1:00 p.m. to 3:00 p.m. Ladies may also register at our monthly meetings in September and October.

Additionally, the HHWO Community-Wide Annual Coat Drive will be held on Saturday, October 21st. HHWO members will receive your donations as you drive-through the Marsh Mansion parking lot by the Garden Room.

LAST BUT NOT LEAST

Come join us for friendship, fun, knowledge, and philanthropy. HHWO is Nulli secundus!

Memories can be captured in the mundane objects that we gather around ourselves. While gazing at that object, just for a moment we can tinker with time. Photos or keepsakes are touchstones, each one contains a memory of a person, a time, a place and gives meaning to the present.

And so it was, with a good friend and neighbor Al Ruhl. He and his wife Linda had a special child sized table and set of 4 chairs tucked away in their house.

It was a table that she and her younger sister had used over 70 years ago. A photo captured the celebration of her younger sister’s first birthday around that table.

Naturally the table and chairs, kept all those years, still had special meaning to her.

Alas, one of the chairs was in pieces, and one of the horizontal support spindles for the legs was irreparably broken into 3 pieces. A replacement spindle was not a piece that could be readily purchased in a store, it had to match exactly in terms of profile, size, and color to the existing spindles.

At the Heritage Hunt Woodshop, an exact replica spindle was turned on the lathe.

The broken-off spindle ends buried in two of the vertical leg spindles were drilled out. After staining and polishing the new spindle, the chair could be glued together.

Recently, Al and Linda presented the table and chairs to the third generation using the table. The lady holding the baby in the photo is the one-year-old in the first photo above. The guy at the table is her son, and the girls his daughters.

As a time capsule for maybe 3 more generations, the 2 photos and note describing the people in the photo and the story of the table and chairs will be placed in an envelope and taped to the underside of the table for curious little children to discover in the future!

WILL & TRUST WORKSHOP

Another year has passed. Have you updated your Will? Do you even have a Will? Is a Will enough to avoid a lengthy/costly probate?

FREE TO ATTEND!
“Straight forward, easy to understand without the legalese.”

TUESDAY July 18th
1:00pm
Heritage Hunt Board Room
6901 Arthur Hills Drive, Gainesville, VA 20155

Topics to be discussed
• What should you have: a “Will” or a “Revocable Living Trust”?
• Keep your affairs private and OUT of the PROBATE COURTS
• Guardianship for minors or “special needs” family members
• Discover the “dangers of joint tenancy”
• If you have a Trust, is it funded and up to date with current law?
• The problems with the “Do-it-Yourself” Internet Wills or Trusts

The Wall Street Journal says: “In this day and age, estate planning is a must. If you own any property, paid for or not, you need a Revocable Living Trust.”

* Annual Percentage Yield (APY) effective 06/07/2023. CDs offered by Edward Jones are bank-issued and FDIC-insured up to $250,000 (principal and interest accrued but not yet paid) per depositor, per insured depository institution, for each account ownership category. Please visit www.fdic.gov or contact your financial advisor for additional information. Subject to availability and price change. CD values are subject to interest rate risk such that when interest rates rise, the prices of CDs can decrease. If CDs are sold prior to maturity, the investor can lose principal value. FDIC insurance does not cover losses in market value. Early withdrawal may not be permitted. Yields quoted are net of all commissions. CDs require the distribution of interest and do not allow interest to compound. CDs offered through Edward Jones are bank-issued, bank-registered with the Depository Trust Corp. (DTC).
